

European policies, the critical role of a future internet

Leif Zetterberg
State secretary

Internet is Growth

Labour productivity and broadband in selected EU countries (2001 - 05)

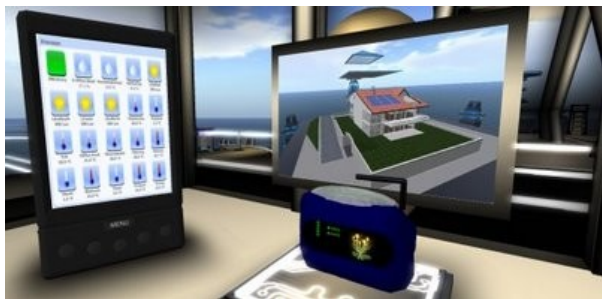

Source: EU KLEMS

Health 2.0

- **The convergence of biology and engineering is turning health care into an information industry**
- **Interesting examples in health care:**
 - Electronic health (e-health) system
 - Health record systems

Home Energy Monitoring

- Home Energy kits provide visualization and control of domestic energy usage
- People get to access their energy usage and devices remotely via mobile phone or the Internet.

Visby Agenda

- Creating Impact for an eUnion 2015

9 - 1 0 N o v e m b e r 2 0 0 9

Baltic Sea Strategy

Future Internet Assembly

Kista Science City – A World Leading ICT Cluster

November 23–24, 2009

Future Internet Assembly in Stockholm

Thank you!
And welcome to Visby and Stockholm!
